Oh, as expected from Miss Mira. Then i guess you are controlling this battle
Well atleast it listens to me so there is nothing to worry about
Nah.. It doesn't respond to detailed commands
So carefree !
I only did it as an experiment but it's doing quite well~
Hハアアア...
EH?
It only responds to "Go" and "stop"

I'll take care of it don't worry about it
If it keeps using big moves like the one just now...
Ehhhhhhh?
It's already up in flames...
Especially since some rare herbs grow nearby
If I mess this place up too much then Solomon wouldn't be too happy
ゴォオオ
ゴォオオ...

Looks like we have a winner
Indeed! When it's that damaged, it will be nothing more than a punching bag

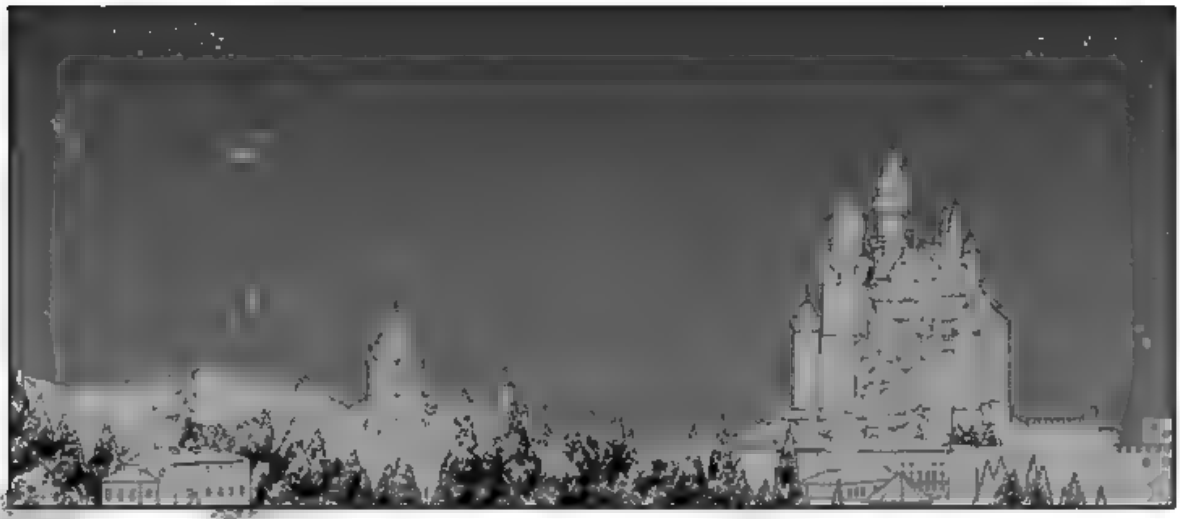
Thank God

Not only can she summon large beasts
But she's part cipat ng in and influencing several battles simultaneously

The potential of summoning is bottomless
There is a need to reevaluate what we know



So the lesser demon cursed the cockatrice.

I thought they received an update while I was gone
To begin with the lesser demons have not shown themselves for the past ten years
The fact that they have begun behaving differently from how they used to in the game is .
Indeed All of the quests where lesser demons were involved in were troublesome after all
And with them trying to accomplish something, one can never be too careful
But I guess that wasn't the case
Yea
I would love to get to the bottom of this matter before it spins out of control

Wasn't there an npc called "Lesser demon researcher" ?
That
If I remember correctly
You know the one who has a large amount of holy water, and keeps following you around
That's the one!
The demon researcher Howard
* Since you're "Mira" now *
Though that's no longer the case now
I started off as an old man as well though
When he made his first appearance he was already an old man
But if I'm not mistaken then he would already be dead

If he is dead then.
If I remember correctly then there should be an item that allows you to converse with the dead
The mirror of Anjo
Yea that
But if if I recall correctly
That mirror only works if you posses an item that has a deep connection with the person you wish to speak to

He was a character that would make medic nal tea using holy water, but players did that too so .
I guess so ...
Something like holy water
M..mm I see...
I guess quest related items won't do then
Oh....
But i think something like a card containing informat on would work
That's it!
The Mirror is located in Nebrapolis!
OH!
OHH!! !!!!!!!! !!!!!!

A dungeon known as the underground cemetery amongst players
The ancient temple "Nebrapolis"
And what comes to mind when you think of Nebrapolis? Soul howl!
Indeed!
TL: Abnormal/pervert
He used to wander around in that place a lot even though he had no business there
Seriously abnormal
One of this kingdom's nine wisemen known as "The great wall" Soul howl
The elder of the tower of necromancy, the morbid undead girl lover. Since Nebrapolis is home to so many undead, it was like a holy land to him

Well... I have not had the chance to do anything game-like these past 30 years where i was too busy governing
Is that something the main quest giver should be saying?
Great! When your main quest and sub quest are located in the same place, it's like hitting two birds with one stone, right?
With you back
Solomon...
The nostalgic and exciting game-like feeling is back
With that said
Well... it's not like I don't get where you are coming from
Though the kingdom is in shambles ..

An extra subquest
In addition to the refinement of crystals for the armored jeep and the accord-cannon
Can't be helped i guess
But before that
Where is the toilet?

Since I've returned from battle I'll take you to a gorgeous toilet
We.. Welcome back
Hey! Why do you have to carry me every single time
Ha?

This marks the beginning of Mira's quest

To be continued
